

OLDER ADULT FSP: Referral Beginning with Impact Unit

AUTHORIZATION SRTS WORKFLOW

Note #1: Providers not pursuing FSP authorization must discuss the case with the Older Adult Impact Unit to determine whether:

- A disposition should be entered to close the record.
- A transfer reason should be entered and transferred back to the Impact Unit to link with another provider.

Note #2: If OASOC needs additional information to determine approval for FSP, they can transfer the record back to the FSP provider with the transfer reason of ***“Client pending FSP authorization”***. The Provider then repeats Step 2.

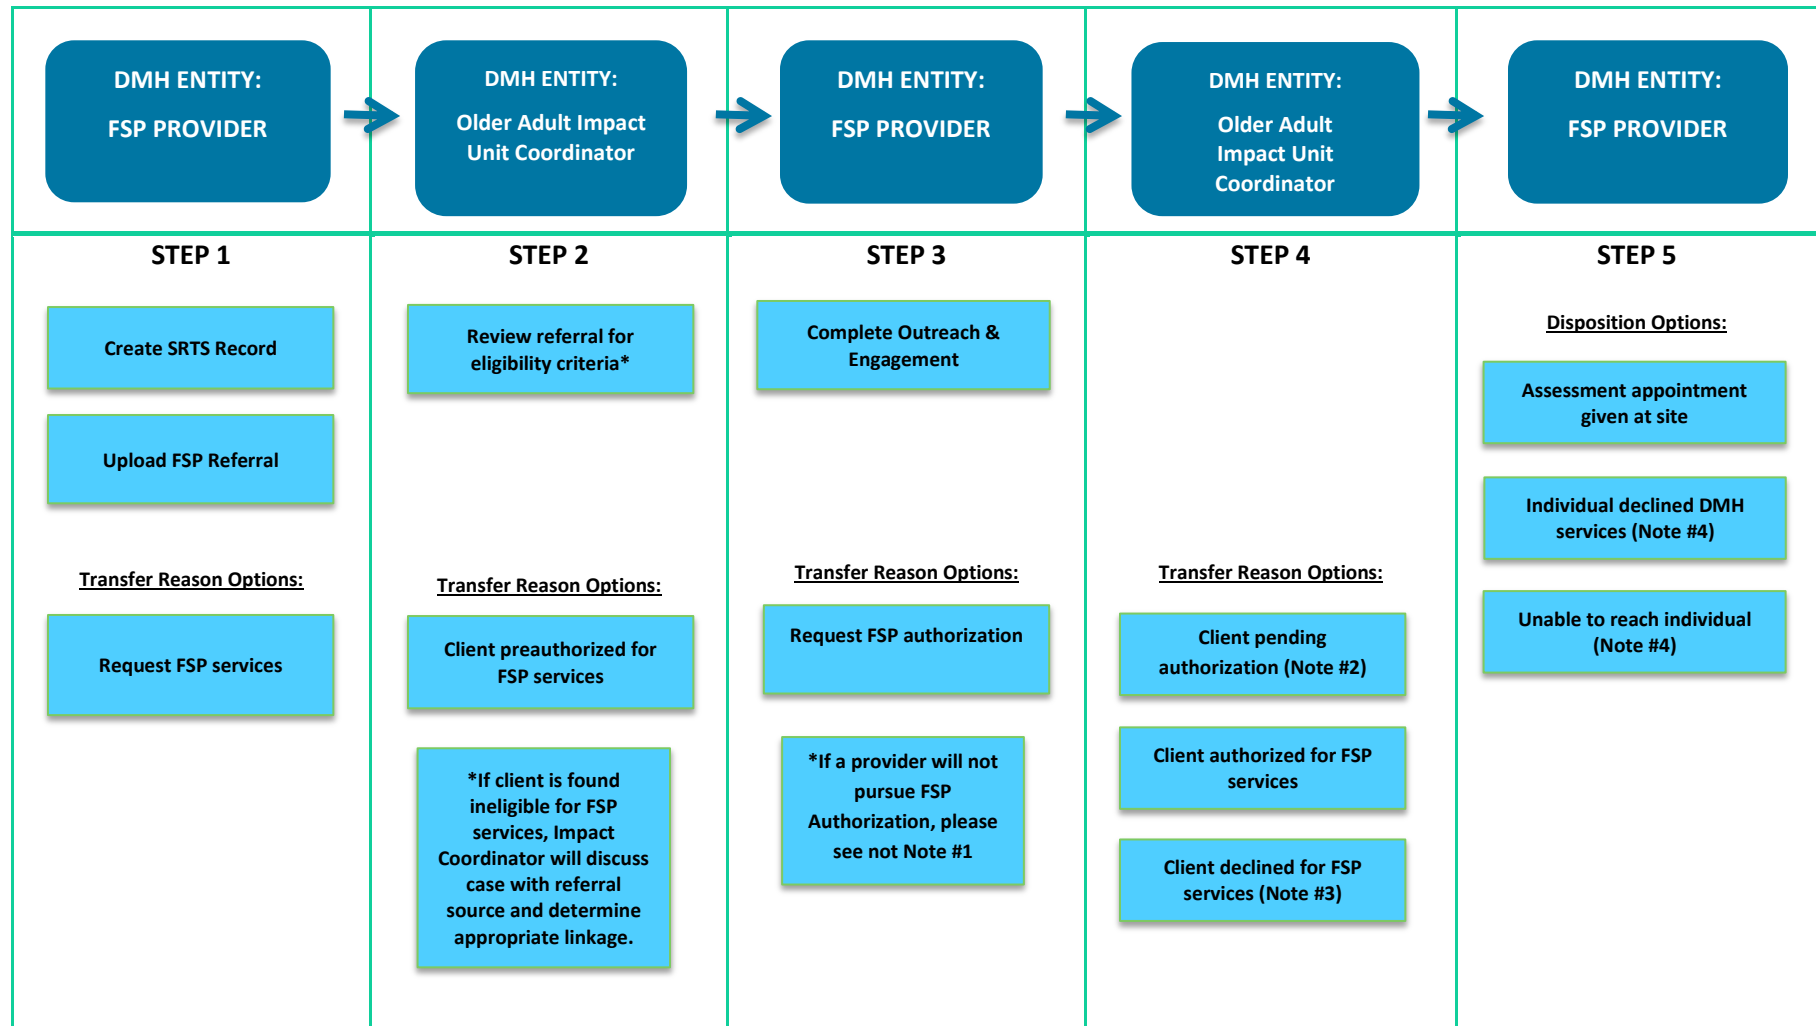

Note #3: If a request for authorization is declined, OASOC will transfer the record to a more appropriate provider and notify the referral source.

Note #4: If the FSP Provider selects anything other than ***“Assessment appointment given at site”*** as a disposition, they must notify OASOC.

Revised 5/11/2015

OLDER ADULT FSP: Referral Beginning with Provider

AUTHORIZATION SRTS WORKFLOW

Note #1: Providers not pursuing FSP authorization must discuss the case with the Older Adult Impact Unit to determine whether:

- A disposition should be entered to close the record.
- A transfer reason should be entered and transferred back to the Impact Unit to link with another provider.

Note #2: If OASOC needs additional information to determine approval for FSP, they can transfer the record back to the FSP provider with the transfer reason of *“Client pending FSP authorization”*. The Provider then repeats Step 2.

Note #3: If a request for authorization is declined, OASOC will transfer the record to a more appropriate provider and notify the referral source.

Note #4: If the FSP Provider selects anything other than *“Assessment appointment given at site”* as a disposition, they must notify OASOC.
